

# Product Discontinuance Notice - PDN 26\_0016 Rev. -

Analog Devices, Inc. One Analog Way, Wilmington, MA 01887

This notice is to inform you of a product discontinuance for certain ADI products (see Discontinued Parts Material List below). Any issues with this PDN must be sent to ADI as soon as possible. The information contained within this PDN is considered proprietary and should not be shared outside of your company. ADI contact information is listed below.

## PDN Title:

Obsolescence and Replacement of ADSP-CM40xF Products

**Publication Date:** 08-Apr-2026

**Last Time Buy Date:** 17-Aug-2026

**Last Time Ship Date:** 03-Aug-2026

## Revision Description:

Initial Release.

## Reason For Discontinuance

The Flash memory used in the ADSP-CM40xF products has been obsoleted by vendor, requiring ADI to obsolete the current products immediately. ADI has developed pin-compatible replacement products utilizing an alternate Flash memory.

## Comments

The replacement products are pin-compatible with the original products with no change in pricing.

There are no physical, hardware changes required to transition to the replacement products, but will require updated software drivers which can be found on the ADSP-CM40xF product pages.

Flash memory specifications are attached and will be provided in the Rev B product data sheet to be published in April 2026.

Replacement product samples are available now and the part numbers can be found on the affected products list.

## Supporting Documents

**Attachment 1: Type:** Comparison Document
