

# ADI Power Seminar

## From System to Simulation to Lab

## An in-person event hosted by ADI subject matter experts

Power affects every aspect of overall system performance, from efficiency to noise to robustness. Join us for this one-day event to learn about the latest power trends and topologies and the ADI Power tools to simulate them. This seminar includes a hands-on lab analysis using the all new LTpowerAnalyzer, allowing rapid testing and measurement of simulated power circuits.

**Join us for a chance to win a LTpowerAnalyzer in our end-of-seminar raffle**

### Agenda

|                      |                                                                                                                |
|----------------------|----------------------------------------------------------------------------------------------------------------|
| <b>9:00am</b>        | Check in                                                                                                       |
| <b>9:30am</b>        | Welcome message                                                                                                |
| <b>9:45-11:15am</b>  | System power tree, control theory, compensation components selection ( <a href="#">LTpowerPlanner</a> )        |
| <b>11:15-11:30am</b> | Break                                                                                                          |
| <b>11:30-1:00pm</b>  | How to select compensation components and their effect on loop performance ( <a href="#">LTpowerCAD tool</a> ) |
| <b>1:00-2:00pm</b>   | Lunch                                                                                                          |
| <b>2:00-3:15pm</b>   | How to measure loop performance in <a href="#">LTspice</a> and on the bench                                    |
| <b>3:15-3:30pm</b>   | Break                                                                                                          |
| <b>3:30-5:00pm</b>   | Power analysis & loop stability measurement – hands on demo ( <a href="#">LTpowerAnalyzer</a> )                |
| <b>5:00-5:30pm</b>   | Demos                                                                                                          |

### Date and Time

July 3rd, 2025  
9:30am to 5:30pm

### Venue

[ETSE \(School of Engineering\)](#)  
[Escola Tècnica Superior d'Enginyeria](#)  
[- Universitat de València - Spain Av.](#)  
[Universitat, s/n - E-46100 Burjassot](#)

### Questions

[ADIpowerSeminar@analog.com](mailto:ADIpowerSeminar@analog.com)

### Registration
