

Product/Process Change Notice - PCN 09_0196 Rev. A

Analog Devices, Inc. Three Technology Way Norwood, Massachusetts 02062-9106

This notice is to inform you of a change that will be made to certain ADI products (see Material Report). Any issues with this PCN or requirements to qualify the change (additional data or samples) must be sent to ADI within 30 days of publication date. ADI contact information is listed below.

Note: Revised fields are indicated by a red field name. See Appendix B for revision history.

PCN Title: Change In Location of Q Compliance Indicator Location for JAN/38510 Product

Publication Date: 01-Feb-2010

Effectivity Date: 02-May-2010 (the earliest date that a customer could expect to receive changed material)

Revision Description:

Add new part: JM38510/11404SPA, JM38510/10304SPA, JM38510/11402SPA, and JM38510/11405SPA

Description Of Change

In order to standardize marking format for all QML product by placing a space between Q and partname. Serial number for JANS grade parts to be relocated from package end to line 4 to accomodate change.

Reason For Change

To distinguish QML identifier on brand format.
From: "Q" on JM38510 (QJM38510)
To :Space between Q and J on JM38510 (Q JM38510)

Impact of the change (positive or negative) on fit, form, function & reliability

none

Product Identification (this section will describe how to identify the changed material)

Datecode 0950 or higher

Summary of Supporting Information

No qualification is necessary due to the parameters of the marking process not being changed. Only the location/placement of marking content is being rearranged for clarity.
