

Product/Process Change Notice - PCN 10_0064 Rev. -

Analog Devices, Inc. Three Technology Way Norwood, Massachusetts 02062-9106

This notice is to inform you of a change that will be made to certain ADI products (see Material Report). Any issues with this PCN or requirements to qualify the change (additional data or samples) must be sent to ADI within 30 days of publication date. ADI contact information is listed below.

PCN Title: Transfer of Assembly Site to Amkor Philippines for ADATE207 product in the 27mm x 27mm SBGA.

Publication Date: 07-May-2010

Effectivity Date: 05-Aug-2010 (the earliest date that a customer could expect to receive changed material)

Revision Description:

Initial Release

Description Of Change

Analog Devices Inc. will transfer assembly from STATSChipPAC Singapore to Amkor Philippines for the ADATE207 product in the 27mm x 27mm SBGA.

Reason For Change

The SBGA will no longer be assembled in STATSChipPAC Singapore. The product will be transferred to Amkor Phillippines, a location where ADI is currently manufacturing other products in this package. All of ADI's Assembly subcontractors manufacture our products using Analog Devices' specified manufacturing flows, raw materials, controls, and monitors. This assures that our customers receive the same level of quality and reliability on products they receive from different manufacturing locations.

Impact of the change (positive or negative) on fit, form, function & reliability

None. The package construction, mechanical outline, and currently released substrate design and manufacturer are not changing. The change in Assembly location will not impact the device form, fit, function, quality or reliability.

Summary of Supporting Information

Qualification will be performed per ADI0012, Procedure for Qualification of New or Revised Processes. See attached Qualification Plan.
