

Product/Process Change Notice - PCN 11_0020 Rev. D

Analog Devices, Inc. Three Technology Way Norwood, Massachusetts 02062-9106

This notice is to inform you of a change that will be made to certain ADI products (see Material Report). Any issues with this PCN or requirements to qualify the change (additional data or samples) must be sent to ADI within 30 days of publication date. ADI contact information is listed below.

Note: Revised fields are indicated by a red field name. See Appendix B for revision history.

PCN Title: Conversion of Select Sizes of LFCSP Package Outlines from Punch to Sawn and Transfer of Assembly Site to StatsChippac Malaysia.

Publication Date: 10-Sep-2012

Effectivity Date: 09-Dec-2012 *(the earliest date that a customer could expect to receive changed material)*

Revision Description:

Added Parts

Description Of Change

ADI has qualified and will be utilizing Assembly subcontractor STATS ChipPAC in Malaysia (SCM) for LFCSP products. ADI has qualified SCM's standard bill of materials in a SAWN singulated leadframe. See attached for BOM changes and package outline differences.

Reason For Change

Sawn LFCSP is ADI's technology direction for LFCSP. The use of ADI qualified SCM as an assembly site will ensure continued source of product supply. ADI's assembly subcontractors manufacture our products using Analog Devices specified manufacturing flows, process controls and monitors. This assures that our customers receive the same level of quality and reliability on products they receive from qualified ADI manufacturing locations.

Impact of the change (positive or negative) on fit, form, function & reliability

The devices function and reliability as specified by the product datasheet will be unaffected by these changes. The Foot Print Dimension will remain the same for both punch and sawn LFCSP package.

Product Identification *(this section will describe how to identify the changed material)*

Malaysia will be the country of origin (laser marked on the package) for parts assembled at STATS ChipPAC.

Summary of Supporting Information

Qualification has been performed per ADI0012, Procedure for Qualification of New or Revised Processes. See attached Qualification Report Summary.
