

Product/Process Change Notice - PCN 14_0144 Rev. -

Analog Devices, Inc. Three Technology Way Norwood, Massachusetts 02062-9106

This notice is to inform you of a change that will be made to certain ADI products (see Material Report). Any issues with this PCN or requirements to qualify the change (additional data or samples) must be sent to ADI within 30 days of publication date. ADI contact information is listed below.

PCN Title: OP467S Aerospace Class S Models Change In Wafer Diameter
Publication Date: 20-Jun-2014
Effectivity Date: 18-Sep-2014 *(the earliest date that a customer could expect to receive changed material)*

Revision Description:

Initial Release

Description Of Change

Change wafer diameter from 100 mm (4") to 150 mm (6"). Note this change has already been implemented on the commercial and Class Q military versions of this product in 2002 (Reference PCN 02_0071.). Change is now being made to aerospace models.

Reason For Change

Continuity of supply.

Impact of the change (positive or negative) on fit, form, function & reliability

Qualification lot passed all QCI and high dose rate radiation tests.

Product Identification *(this section will describe how to identify the changed material)*

Datecodes greater than 1412 are 6-inch material for Class S & MIL-PRF-38535 QMLV models.

Summary of Supporting Information

See attached qualification results summary.
