CHANGE FROM: Single sourced final electrical test facility is Maxim Integrated, Philippines (MPOC) and Thailand (MIPT)	CHANGE TO: Addition of KYEC Taiwan for final electrical testing
--	---

JUSTIFICATION: There is no change to the form, fit or function of the devices. In addition there is no change to the test platform, test hardware or test program software between test facilities. KYEC has been an approved ISO9001/TS16949 test services supplier for volume production at Maxim Integrated since 2010. The addition of KYEC as a supplier for final electrical testing provides needed capacity, improves supply chain flexibility, and shortens the supply chain logistics. The proposed implementation date is September 13th 2015.

Maxim/KYEC Background:

KYEC has been Maxim's strategic test partner since 2010.

KYEC is a tier 1 and largest pure Test house in Taiwan with a strong balance sheet and business model.

KYEC is currently testing Maxim's high volume commercial and industrial devices in various test platforms at various test steps (Sort, CSP and Final Test).

KYEC is an ISO9001 and TS16949 certified supplier.

KYEC's Tester configuration is equivalent to Maxim internal test configuration. All product specific test hardware and software is provided to KYEC by Maxim Integrated.

KYEC's Test platform has successfully passed test engineering equivalency.

KYEC has consistently passed Maxims stringent Automotive Audits.

KYEC has consistently passed Automotive Customers Audits with high scores

TRACEABILITY: Maxim Integrated maintains full traceability by device marking, packaging labels and shipment documents.

Maxim Integrated's Change Notification System is designed to keep our customer base apprised of major product, manufacturing, or facility improvements.
