**AFFECTED PRODUCT:**

Ordering P/N: (See PN listing XLS in PCN ZIP file)
--

CHANGE FROM: Single sourced final electrical test facility is Maxim Integrated, Philippines (MPOC)	CHANGE TO: Addition of KYEC Taiwan for final electrical testing
--	---

**JUSTIFICATION:** There is no change to the form, fit or function of the devices. In addition there is no change to the test platform, test hardware or test program software between test facilities. KYEC has been an approved ISO9001/TS16949 test services supplier for volume production at Maxim Integrated since 2010. The addition of KYEC as a supplier for final electrical testing provides needed capacity, improves supply chain flexibility, and shortens the supply chain logistics. The proposed implementation date is September 2015.

**TRACEABILITY:** Maxim Integrated maintains full traceability by device marking, packaging labels and shipment documents.

Maxim Integrated's Change Notification System is designed to keep our customer base apprised of major product, manufacturing, or facility improvements.
