PROCESS CHANGE NOTICE
 PRODUCT CHANGE NOTICE

MAXIM INTEGRATED HEREBY ISSUES NOTIFICATION OF CHANGE
THAT MAY AFFECT THE FOLLOWING CATEGORIES:

DESIGN WAFER FAB ASSEMBLY TEST ELEC/MECH SPECS

AFFECTED PRODUCT:

Ordering P/N: (See PN listing XLS in PCN ZIP file)

CHANGE FROM: Single sourced final electrical test facility is Maxim Integrated test facilities

CHANGE TO: Addition of KYEC Taiwan for final electrical testing

JUSTIFICATION: There is no change to the form, fit or function of the devices. In addition there is no change to the test platform, test hardware or test program software between test facilities. KYEC has been an approved ISO9001/TS16949 test services supplier for volume production at Maxim Integrated since 2010. The addition of KYEC as a supplier for final electrical testing provides needed capacity, improves supply chain flexibility, and shortens the supply chain logistics. The effective date for transfer is planned to be between January and February of 2016 depending upon the specific device.

Maxim/KYEC Background:

KYEC has been Maxim's strategic test partner since 2010.

KYEC is a tier 1 and largest pure Test house in Taiwan with a strong balance sheet and business model.

KYEC is currently testing Maxim's high volume commercial and industrial devices in various test platforms at various test steps (Sort, CSP and Final Test).

TRACEABILITY: Maxim Integrated maintains full traceability by device marking, packaging labels and shipment documents.

Maxim Integrated's Change Notification System is designed to keep our customer base apprised of major product, manufacturing, or facility improvements.
