**AFFECTED PRODUCT:**

Ordering P/N: (See PN listing XLS in PCN ZIP file)
----------------------------------------------------

CHANGE FROM: Current final test at Maxim Test Facilities	CHANGE TO: Adding KYEC Taiwan R.O.C. for final testing capacity due to the strong demand for products for Maxim Integrated products.  KYEC has both ISO9001 and TS16949 certification since 2010.
----------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**JUSTIFICATION:** The addition of test capacity is to ensure uninterrupted supply of products to our customers worldwide. To meet this demand Maxim has selected KYEC for added capacity and increased test flexibility. Maxim Integrated has qualified and used KYEC for other commercial devices since 2010.

There is no change in form, fit, or function of these devices. They are being tested on the same platform, test program and hardware.

KYEC will have the ability start testing these devices immediately.

<b>TRACEABILITY:</b> Maxim Integrated maintains full traceability by device marking, packaging labels and shipment documents.
-------------------------------------------------------------------------------------------------------------------------------

Maxim Integrated's Change Notification System is designed to keep our customer base apprised of major product, manufacturing, or facility improvements.
