**JUSTIFICATION: -**

This is an information notice and no approval is necessary.

The change improves product traceability by identifying the wafer lot code on the IC top-side marking. The change complies with Maxim marking standards and is effective from date code YWW (909).

There are no other changes to form/fit/function of the devices.

**TRACEABILITY:** Maxim Integrated maintains full traceability by device marking, packaging labels and shipment documents.

Maxim Integrated's Change Notification System is designed to keep our customer base apprised of major product, manufacturing, or facility improvements.
