

This notice is to inform you of a change that will be made to certain ADI products (see Appendix A) that you may have purchased in the last 2 years. ADI contact information is listed below.

<b>PIN Title:</b>	Change of Reel Shipping Box for MSL1 Products in QFP, SC70, and TSOC Packages
<b>Publication Date:</b>	20-Apr-2026
<b>Effectivity Date:</b>	20-Apr-2026
<b>Revision Description:</b>	Initial Release.

**Description Of Change:**

ADI will discontinue the use of static shielding bags for non-dry pack reel shipments. These will be replaced with carbon coated shipping boxes that provide equivalent electrostatic discharge (ESD) protection.

**Reason For Change:**

Harmonization of processes across ADI to ensure consistency in packaging methods.  
Environmental benefits, specifically the reduction of packaging waste through the removal of plastic static shielding bags.

**Impact of the change (positive or negative) on fit, form, function & reliability:**

There is no impact to fit, form, function, quality, or product reliability.  
The carbon-coated box is ESD compliant and meets handling and protection requirements for MSL1 shipments.

**Summary of Supporting Information:**

Detailed change description.

**Comments:**

THIS IS NOT A PCN. This is an advisory to provide information on product packaging method.
