Re: 1907/2006/EC (REACH)

To Whom It May Concern:

Regulation 1907/2006/EC – the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) addresses substances on their own, in preparations, or as substances in articles. Analog Devices, Inc.'s (ADI) products are classified under REACH as articles with substances not intended for release. ADI has evaluated its component products, and determined that none contain any of the one hundred sixty three (163) currently identified substances of very high concern (SVHC) in excess of the 0.1% (by weight) threshold. ADI will continue to monitor any amendments to 1907/2006/EC.

The information on ADI products in this letter is based upon information provided by the suppliers of the raw materials used by ADI to manufacture these products. As such, ADI makes no independent representations or warranties, expressed or implied, and assumes no liability in connection with the use of this information.

Thank you for your interest in ADI products.

Susan Capuli
Director of Environmental, Health & Safety
